

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

Rulemaking to implement the provisions of  
Public Utilities Code § 761.3 enacted by Chapter  
19 of the 2001-02 Second Extraordinary  
Legislative Session.

Rulemaking 02-11-039  
(Filed November 21, 2002)

**ADMINISTRATIVE LAW JUDGE'S RULING  
PROVIDING DRAFT GENERATION FACILITY  
MAINTENANCE STANDARDS  
FOR PUBLIC COMMENT AND FOR CONSIDERATION BY THE CALIFORNIA  
ELECTRICITY GENERATION FACILITIES STANDARDS COMMITTEE**

A December 10, 2002 Administrative Law Judge's Ruling in this proceeding indicated that we would make available via a posting on the Commission's web site the Proposed Generation Facility Maintenance Standards on or before the December 20, 2002 meeting of the California Electricity Generation Facilities Standards Committee. Moreover, the ruling indicated that the proposed standards would appear referenced under this proceeding number, R.02-11-039.

The simplest way to accomplish this result is to issue the standards as an attachment to an ALJ Ruling. For this reason, the proposed standards that will be publicly presented at the December 20, 2002 meeting of the California Electricity Generation Facilities Standards Committee are attached to this ruling as Appendix A.

Therefore, **IT IS RULED** that:

1. The Draft Generation Maintenance Standards for consideration by the California Electricity Generation Facilities Standards Committee are attached as

Appendix A to this ruling and available on the Commission's web site referenced under this proceeding number (R.02-11-039), as described in the December 10, 2002 Administrative Law Judge's Ruling.

2. This ruling will be served only on those for whom the Commission possesses an e-mail address.

Dated December 19, 2002, at San Francisco, California.
