4.4. (Rule 4.4) Answers

The answer must admit or deny each material allegation in the complaint and shall set forth any new matter constituting a defense. Its purpose is to fully advise the complainant and the Commission of the nature of the defense. At least one of the defendants filing an answer must verify it, but if more than one answer is filed in response to a complaint against multiple defendants, each answer must be separately verified. (See Rule 1.11.) The answer should also set forth any defects in the complaint which require amendment or clarification. Failure to indicate jurisdictional defects does not waive these defects and shall not prevent a motion to dismiss made thereafter.

The answer must state any comments or objections regarding the complainant's statement on the need for hearing, issues to be considered, and proposed schedule. The proposed schedule shall be consistent with the categorization of the proceeding, including a deadline for resolving the proceeding within 12 months or less (adjudicatory proceeding) or 18 months or less (ratesetting or quasi-legislative proceeding). (See Article 7.)

Answers must include the full name, address, and telephone number of defendant and the defendant's attorney, if any, and indicate service on all complainants.
